Hi, my name is Rakesh. I am a part of DS-MAX SPRING, which is being constructed in Hennur; my flat number is 104. I came to know about DS-MAX through hoardings and advertisements. I met the marketing executives, they were really helpful in explaining every details of the project. That's how I bought a flat in DS-MAX SPRING and it has been a very good journey right from day one. The best part of it was I got the opportunity to build my own house the way I wanted. I explained to them and told them this is how I need and they were helpful and made all the changes. I have referred to few of my friends who were working with me earlier. In future, I will definitely refer to all my colleagues and also my family relatives.

Hi, I am Karthikeyan. I work for Cushman & Wakefield. I bought a property in DS-MAX SPRING, flat no. 6. I came to know about DS-MAX Properties through one of my friends. He told me that there is a good builder where I can get properties at good prices. I found my place of about 1200 sq.ft. It's like my dream home so I invested here purely for investment purpose. I like DS-MAX SPRING; it has a nice entrance approach, the road is good. There is enough space for children play area; at the front is the swimming pool and many other added features like gym and terrace party hall. The building has good air circulation and air ventilation. Their executives are very patient and supportive. I am planning to buy another 4 to 5 flats along with my friends in future.
