THE RIGHT PLACE AT THE RIGHT TIME

The emergence of quality social infrastructure, with malls and international schools, has brought the spotlight on the well-connected locations in and around Sarjapur Main Road.

Foreseeing the rising demand for compact and affordable homes with premium facilities in the area we bring to you Asset Elvira, located just off Dommasandra – Chandapura Road in close proximity to Electronic City as well as Sarjapur Rd.

Ease of access to MNCs as well as reputed schools makes this an ideal home for the young family. This also translates into more quality time available rather than languishing in the bumper to bumper traffic which Bangalore is infamous for.

Why Asset Builders?

Asset projects are approached with an attitude of responsibility - A commitment to ethics guide us whether in documentation or construction. We care for the environment by using natural resources efficiently and respectfully. We produce strong structures thereby protecting the health and safety of the occupants and their neighbours.

Our promise to customers is fulfilled through the support of a strong and qualified team of consultants, designers, engineers and workmen. We invest in these relationships and support mutual, continuous learning to elevate our work together.

We have a track record of being on time, every time! Your home at Asset Elvira will be handed over on or before *January, 2016*
