Utsav Care Homes - The Concept

There is a certain age when one can look back at a life lived with dignity, a life of responsibilities fulfilled, a life made rich by experience, knowledge and understanding.

That 'certain age' also brings with it some realities: one may not have the vigour and energy one had; one may require some assistance, medical support and secure surroundings. From being the care-giver, one needs to be cared for.

The children too want the best care, attention and security for their parents, but the exigencies of time and circumstances may not allow them to do it personally.

What better reward for a lifetime of hard work than an option that gives the attention and care required? An alternative that facilitates the leading of a life that is hassle-free and pleasant; that strives to give physical, mental and emotional security?

What better gift could parents give to their children than the gift of freedom from worrying about them?

Utsav Care Homes is a pragmatic concept that provides housing, support services and personalised care for elderly individuals who may need help with daily activities, hygiene maintenance and health & medication management. It is a combination of home-living with professional customised care: an option that makes it possible for seniors to maintain and in fact, improve their quality of life, while getting the nursing care they need at an affordable price.

Utsav Care Homes offer a triple benefit package:

- Elders retain the sense of independence and familiarity of living in their own homes.
- They enjoy the benefits of being part of a community of like-minded individuals.
- Round-the-clock, professional medical and support team translates into peace of mind for the entire family.

Utsav Active Senior Living - The Inspiration

Retirement presents an opportunity for a new start, a time to do all that you never had the time to do earlier. It is a chance for you to focus on yourself for a change, and to replace the daily chores and the 9-5 'have-to-do' rigid routine with a 'want-to-do' relaxed schedule.

Ashiana Housing Ltd., the pioneers of the Active Senior Living concept in India have had a heart-warming experience with almost 700 Seniors staying at Utsav complexes at Bhiwadi and Jaipur. Utsav creates an environment that is ideal for maintaining and improving the health of its residents: it facilitates physical and mental activities, pleasant social occasions and safe, hassle-free living. It has been gratifying to see our residents rediscover their passions and make new friends. Ashiana, with its healthy balance sheet, positive growth graph and history of delivering on its promises, has a reputation that has travelled far and wide. While we mainly cater to Seniors living in India, we also have NRIs from the US, Australia, Netherlands, West Indies etc. who spend a part of the year at Utsav.

Customised Care

At Utsav Care Homes, your individuality will not be compromised, nor your style cramped. While the Care Homes give you the convenience of a pre-furnished abode, there will be ample space for your familiar, personal belongings: memorabilia, photographs, books etc. The furniture and fixtures in your room can be customised as per your doctor’s recommendations, for instance, beds and mattresses can be made into recliners.*

Your timings for meals, tea, walks in the park, naps and involvement in activities etc. will be as per your desire and your doctor’s recommendations. Our purpose is to provide a friendly yet non-intrusive environment. Our staff has been trained to treat you with dignity, respect and understanding. They will give you support, but encourage self-reliance. They will ensure that your personal medical requirements and medicine regimen is followed. Your scheduled and unscheduled medical needs will be attended to.

Our facilities and Care Givers (attendants)

will make it possible for you to get the best out of your life. Utsav Care Homes will make you feel your retirement is a bonus-an opportunity for a renaissance; a time to make great choices for yourself.

Affordable Living

Utsav Care Homes makes it easy for the seniors to lead a healthy, happy and safe life, even if they are not in a position to be totally self-reliant, without burning a hole in their pocket. It is the ideal via-media for those elders who do not require 24-hour rehabilitative care in a nursing home, yet require some level of assistance.

Since such assistance is individually prohibitive in cost terms, the Utsav Care Homes model, which combines personalized care with shared facilities, makes these services affordable. It thus does away with the financial worries that seniors may have vis-à-vis this issue. The high level of competency and professionalism associated with Brand Ashiana ensures that affordability is not at the cost of quality.

Being attended by permanent Nursing Staff provides familiarity and continuity and a sense of security to the seniors. Care Homes also brings back the concept of the Family Doctor - a single point of reference, a doctor who visits home, recommends

Specialist Care where required, is thus as familiar with the individual’s reports as with their personality.

With our experience at the Utsav Active Senior Living projects, we fully appreciate the importance of timely attendance to issues, empathetic approach of care givers, and quality medical care. Children of elderly parents and the parents themselves can heave a sigh of relief as they acquaint themselves with what Utsav Care Homes offers.

Medical Facilities & Tie ups

The significance and value of Utsav Care Homes lies in the prompt, regular and emergency services and facilities it offers.

Utsav Care Homes will have tie-ups with near-by hospitals, all within 10 km/15 minutes distance from the Care Homes Complex. This is less than the average distance to be covered in most metros and cities.

- The health details of residents will be given to the concerned hospital at the outset, thus enabling quick action during emergencies and less waiting-time during other medical procedures and checkups.
- The tie- up also ensures that you get prompt and special care at all times.
- An Ambulance service will be available within the premises round-the-clock.
- Facilities of lab tests, sample collection and report delivery.
- Doctors and Nurses, OPD, Trained Care Givers available on campus.
- Regular check-ups by the Doctor available.
